

MEET SUNNY & BIJAL

OWNERS OF KIDS `R ` KIDS LEARNING ACADEMY OF IRON BRIDGE

Dear Future Kids 'R' Kids of Iron Bridge Families,

We are so excited to introduce ourselves and our family as the owners of Kids 'R' Kids Learning Academy of Iron Bridge.

We are Sunny and Bijal Patel, and we are the proud parents of our two children, Vihaan (7) and Aavya (5). As parents ourselves, we understand how important it is to find a place where you feel completely comfortable leaving your children each day. We know the trust families place in their child's school, teachers, and caregivers, and we take that responsibility to heart.

Sunny grew up in Chesterfield which makes opening this school especially meaningful to our family. He is a physician and has spent his career caring for patients and helping lead medical practices. Bijal is a pharmacist with years of experience in healthcare and management and will be closely involved in the school's day-to-day operations.

Our professional backgrounds have taught us the importance of communication, teamwork, organization, compassion, and attention to detail. More importantly, becoming parents has given us an even greater appreciation for the role early childhood education plays in shaping a child's academic, social, and emotional development.

"We want every child who walks through our doors to feel safe, loved, encouraged, and excited to learn."

For us, Kids 'R' Kids of Iron Bridge is much more than a learning academy. It is something we are building together as a family, in a community that has been an important part of our lives, for other families in the community.

We want to create the kind of school we would feel proud and confident choosing for our own children, a place where children are cared for deeply, challenged appropriately, and given opportunities to learn, grow, and thrive.

Together, our commitment is to support exceptional educators, maintain open communication with parents, and create a warm and welcoming environment where families truly feel connected to their child's experience.

We believe trust is built through consistency, transparency, and the small things that happen every day. The Kids 'R' Kids philosophy of **"Hug First, Then Teach"** strongly reflects the nurturing and educational environment we want every child to experience.
As we prepare to open our doors, we are incredibly grateful for the families who are already following our journey and showing interest in our school. We look forward to meeting you, celebrating your children's milestones, and building a special community together at Kids 'R' Kids Learning Academy of Iron Bridge.

Warm regards,

Sunny & Bijal Patel
