## Sun Safety

The first day of Summer is just around the corner. Are you up to date on your Summer safety? Living in the great state of Texas, Summer comes a bit earlier for us. Some people hide indoors with amazing air conditioning while others love the heat and won't be found inside on the weekends. At Kids 'R' Kids we take precaution in the heat of summer. During the summer months there are days that the children are not allowed to go outside due to extreme heat. When we do go outside we ensure the children are not overdoing playtime. We make sure they are well hydrated and dressed appropriately to be in the heat. No sweaters, long sleeve shirts, etc. Please make sure your children have an extra set of appropriate clothing in their cubbies.

Have you had the same bottle of sunscreen for a few years? Sunscreen does expire, please check your expiration date! The child's name must be on the bottle, and if there is not an expiration date then we label it with an expiration date of twelve months after you give us the bottle. We must also have a form signed by the parent to allow us to put sunscreen on your children. You can find this form in the Parent Information area.

Join us on Friday June 14th

for Donuts with Dad!

6:30-7:30 AM
