Castle Hills

Welcome to the September edition of Kids "R" Kids News! Even though it may not feel like fall just yet, we are into the second week of implementing our fall curriculum. This month, the children will continue to learn about each other throughout our "Getting to Know You" theme. They will talk about themselves, their families, and the ways in which we are all unique. The second half of September will consist of learning all about our "Wonderful World" as we begin a new theme. The children will have fun while recognizing and understanding more about community roles and relationships.

We will be closed Monday, September 7th, in observance of Labor Day.

HAPPY BIRTHDAY KRK!

On September 22nd, we will have been open 12 amazing years!

Health & Safety

Did you know we installed a bio-defense technology called Synexis? This technology is installed in the HVAC system in each room. It destroys all viruses, bacteria and mold in the air and on surfaces. Please go to www.synexis.com for details.
