APRIL 2021

NEWSLETTER

Castle Hills

Welcome to the April edition of the Kids 'R' Kids monthly newsletter. The classrooms are busy finishing "Up, Up and Away," which focused on things that fly like kites, animals in the sky, hot air balloons, etc. It has been a great unit for the children and the weather allowed for the classes to do some really fun things. Some classrooms made clouds, while others flew kites or let balloons up in the sky.

Our next theme is going to be "Animal Kingdom." Throughout this theme, the children will learn about the different habitats that animals live in. They will learn about the animals at the pond, the zoo, at the circus, down on the farm, and more! They will be doing activities to help them distinguish the differences in animals.

Summer Camp

Don't forget to register for our Award-Winning summer camp program. This year's theme is "Focus on Fun!" The camp is open to kids who have completed kinder through age 12. We have so much planned, and we allow you to pick your weeks of attendance! The summer camp enrollment fee is \$125 and will hold a spot for your child. The cost is \$220/week.

Registration packets are available at the front desk or by email. We will release field trip schedules to registered families only. In May, your final form is due which commits your child to the weeks s/he will attend. Invite your friends. It will be the BEST summer yet!
