### **Food Allergies, Food Activity, Dietary Restrictions, Alternate Nutrition, Absences & Immunizations**

KRK is dedicated to promoting healthy eating. With our Apple Accreditation, KRK ensures each child is receiving a nutritionally balanced meal. Children are encouraged to eat the meals provided by the center and must follow our set meal times. Each classroom schedule lists AM snack, lunch, PM snack and an additional late snack is provided in our 1 & 2-year-old rooms. Food from home, requires a doctor's note stating the child's allergy or food restriction. Items need to be labeled with the child's full name and date. Food should be dropped off in the café in a labeled zippered school lunch bag. If food needs to be served hot, it must be placed in a thermos as we do not reheat food. Our menu provides a daily vegetarian option. We are a nut free school and all foods MUST follow our dietary guidelines. Items like chips, Cheetos, Kool-Aid and soda are not permitted. If you need to choose an alternative milk product, we accept soy, rice, Lactaid, oatmeal or a non-nut product. We are unable to serve almond, cashew or coconut milk. A written emergency plan as outlined by the Physician may be required for select allergy cases.

The FL Dept of Health requires all kids be immunized but we do admit children that may not be immunized due to religious or medical beliefs. A waiver is required in a case like this.

HC County Licensing requires every parent to report their child's absence no later than 9:00 am.

Our curriculum and additional activities such as field trips, enhancements and special events occasionally involve food outside of our daily menu. Your signature below will serve as authorization for your child to participate in these additional nutrition activities.

**DISCIPLINE, EXPULSION & BEHAVIOR MANAGEMENT**

Praise, positive reinforcement, and redirection are often effective methods for the behavior management of children. When children receive positive, non-violent, and understanding interactions from adults and others, they develop good self-concepts, problem-solving abilities, and self-discipline. Based on this belief of how children learn and develop values, this facility will practice the following discipline and behavior management policy taken from Kids 'R' Kids, International operational guidelines and the NAEYC Code of Ethics.

Where appropriate, we will use positive reinforcement, time-away, and re-direction with children to guide children toward appropriate behavior. Guidance will be appropriate, respectful, not tied to food or toileting and within appropriate developmental expectation. At times a verbal reprimand, parent conference, or more serious discipline, up to and including dismissal, may be warranted. Corporal punishment is not permitted. We follow the NAEYC Code of Ethics – Principle-1.1: "Above all, we shall not harm children. We shall not participate in practices that are disrespectful, degrading, dangerous, exploitative, intimidating, emotionally damaging, or physically harmful to children."

Consistent application of disciplinary policies is sought, although each situation is judged on its merits, and every effort will be made to ensure that decisions are not arbitrary.

In some circumstances, a child may be placed on probation. Children who are placed on behavior probation may be required, at the school's discretion, to have their family sign a Behavior Action Plan with the school as a condition of continued enrollment. Failure to comply with the stipulations in the disciplinary probation agreement may result in dismissal.

Children may be dismissed for serious first offenses; repeat infractions (even if not related); conduct resulting in harm, damage, or disruption to the educational environment; parent or family member causing disruption to the School or the School's educational mission; non-payment of tuition or fees. Any matter taken under consideration by the Owner directly may be grounds for expulsion. The school reserves the right to dismiss any child at the sole discretion of the School's Director or Owner.

In addition, the school may report to the appropriate governmental authorities any actions that appear to violate law.

**KNOW YOUR CHILD CARE FACILITY**  
Hillsborough County

Choosing an appropriate child care program is an important decision for both the parent and the child. Family needs as well as the child's individual needs should be considered in this process, including the child's age and developmental level.

This brochure is intended to provide helpful information regarding child care facilities. It summarizes the quality indicators of a child care facility, the parent's role in quality care, and some of the minimum standards used to license child care facilities.

This child care facility has met the state minimum child care licensure standards as outlined in section 402.305, Florida Statutes and Hillsborough County Child Care Licensing Ordinance 13-5.

**Quality Child Care**

Quality child care offers the child healthy, social and educational experiences under qualified supervision in a safe, nurturing, and stimulating environment.

Children in quality child care settings also participate in daily age appropriate activities that help develop essential skills, build independence and instill self-respect.

When evaluating child care settings for quality, the following quality indicators should be considered:

**Quality Caregivers**

Are friendly and eager to care for children.

Accept family cultural and ethnic differences.

Are warm, understanding, encouraging, and responsive to each child's individual needs.

Use a pleasant tone of voice and frequently hold, cuddle, and talk to the children.

Help children manage their behavior in a positive, constructive, and non-threatening manner.

Allow children to play alone or in small groups.

Are attentive to and interact with the children.

Provide stimulating, interesting, and educational activities.

Demonstrate knowledge of the social and emotional needs and developmental tasks for all children

**Quality Environment**

Are clean, safe, inviting, comfortable, and child-friendly

Provide easy access to age-appropriate toys.

Display children's activities and creations.

Provide a safe and secure environment that fosters the growing independence of all children

#### Quality Activities

Are children initiated and teacher facilitated.

Include social interchanges with all children.

Are expressive including play, painting, drawing, storytelling, music, and dancing and other varied activities.

Include opportunities for all children to read, be creative, explore, and problem solve.

#### Parent's Role

The parent's role in quality child care is vital to its success. In partnering with the caregiver to achieve this goal, parents should:

Familiarize themselves with the child care standards used to license the child care facility.

Inquire about the qualification and experience of child care staff as well as staff longevity.

Know the facility's policies and procedures.

Communicate with the caregiver.

Visit and observe the facility and participate in special activities as well as scheduled meetings and conferences.

Talk to their child about their daily experiences in child care.

Arrange alternate care for their child if they are sick.

#### Licensing Standards

Hillsborough County Child Care Licensing Ordinance

Every licensed child care facility should maintain licensing standards that include but are not limited to, the following:

## FACTS ABOUT HEATSTROKE:

It only takes a car **10 minutes to heat up 20** degrees and become deadly.

Even with a **window cracked**, the temperature inside a vehicle can cause heatstroke.

The body temperature of a child increases **3 to 5 times faster** than an adult's body.

## PREVENTION TIPS:

- Never leave your child alone in a car and call 911 if you see any child locked in a car!
- Make a habit of checking the front and back seat of the car before you walk away.
- Be especially mindful during hectic or busy times, schedule or route changes, and periods of emotional stress or chaos.
- Create reminders by putting something in the back seat that you will need at work, school or home such as a briefcase, purse, cell phone or your left shoe.
- Keep a stuffed animal in the baby's car seat and place it on the front seat as a reminder when the baby is in the back seat.
- Set a calendar reminder on your electronic device to make sure you dropped your child off at child care.
- Make it a routine to always notify your child's child care provider in advance if your child is going to be late or absent; ask them to contact you if your child hasn't arrived as scheduled.

## What is the influenza (flu) virus?

Influenza ("the flu") is caused by a virus which infects the nose, throat, and lungs. According to the US Center for Disease Control and Prevention (CDC), the flu is more dangerous than the common cold for children. Unlike the common cold, the flu can cause severe illness and life threatening complications in many people. Children under 5 who have the flu commonly need medical care. Severe flu complications are most common in children younger than 2 years old. Flu season can begin as early as October and last as late as May.

## How can I tell if my child has a cold, or the flu?

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose, and sore muscles. Some people, especially children, may also have stomach problems and diarrhea. Because the flu and colds have similar symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections, or hospitalizations.

## **What should I do if my child gets sick?**

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

### **CALL OR TAKE YOUR CHILD TO A DOCTOR RIGHT AWAY IF YOUR CHILD:**

- Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast
- Has skin that looks blue
- Is not drinking enough
- Seems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- Has other conditions (like heart or lung disease, diabetes) that get worse

## **How can I protect my child from the flu?**

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine yourself.

## **What can I do to prevent the spread of germs?**

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions. To prevent the spread of germs:

- Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.
- Limit contact with people who show signs of illness.
- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

## **When should my child stay home from child care?**

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group setting until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.
