

WE'RE BACK & STAYING SAFE ON SOCCER ISLAND!

Soccer Shots is an engaging children's soccer program for children ages 2-8 with a focus on character development. The safety and well-being of children participating in Soccer Shots is our number one priority. That's why we're taking measures to ensure that our coaches are equipped to keep our players safe.

Our coaches will:

-  • Sanitize equipment before and after each session
-  • Avoid high-fives, fist bumps and unnecessary physical contact
-  • Wear a face covering if our state and/or local jurisdiction recommends doing so

To read more about our safety precautions, visit soccershots.org/home/health-and-safety
