

KRK CONNECTION

Kids are Laughing! Kids are Learning!

Suite 200

Occipital Lobe

Kids will catch bubbles using different movements.

Temporal Lobe

Kids will play with words of the song by using low and high pitch voices for the words of the song.

Parietal Lobe

Kids will mimic what I am doing with the playdough as I explain what I am doing. This activates the senses, helps memory and attention span with the nervous system.

Frontal Lobe

Kids will listen to different songs and walk around the room making happy and sad faces. They play instruments only with the happy faces.

April

Happy Easter from suite 200

Parent Scoop!

- ♥ 4/15- 4/19 Week Of The Young Child
 - ♥ 4/19 Good Friday
 - ♥ 4/21 Easter Sunday
 - ♥ 4/19 & 4/22 LCISD OUT
- ♥ 4/22- 4/3 Teacher Appreciation Fundraiser
- ♥ 4/24 Administrative Professionals Day
 - ♥ 4/29- 5/3 Transition Week

What's New...

This month we will...

- Kids will color circles for Sun. Kids will cut out pictures of people having fun in the sun. Kids will learn about the sun's heat. Kids will make sun puppets.
- Kids will learn how to use their hands to explore a yellow substance. Kids will learn about things that fly.
- Kids will learn about rainbows and raindrops by using eye drops and drop splashes of color.
- Kids will cut out an arch shaped strip of each color of the rainbow and place it on the floor. They will put together the strips to make a rainbow.

Themes:

- Good Morning Sun
 - What Flies
- Rainbows and Raindrops
- Good Night Stars

Word of the Week:

- Happy
- Cold

Our vision is to offer quality care and love in an environment where the children will feel welcome and safe.
