Occipital Lobe Activity

To and Fro

We will encourage the children to sit in a circle. We will demonstrate rolling a car or truck to someone in the circle. We will encourage the use of children's names as the car or truck is being rolled to them.

Including oral language with visual tracking, will help toddlers develop connections to their environment.

Favorite Activities

1. Painting Together: Children will practice sharing art materials to paint a mural together.
2. Hot Hands: We will discuss that the sun is hot and how we can make our hands hot by rubbing them together.
3. I'm the Pilot: Using toy airplanes, children will pretend to be a pilot by moving the planes up and down and all around.
4. Rainbow Hunt: Pictures of rainbows will be taped around the classroom and students will hunt for the rainbows.

Learning at Home

Encourage your child to sign airplane when an airplane is spotted.
