Alexander and Audrey using their parietal lobe playing Tick-Tock a brainwaves activity.

Parietal Lobe Activity

Tick –Tock

One child is “it” and another the “clock”. The “clock” says, “tick tock” and the person that’s it has to point in the direction of the sound.

In this activity, children must rely on their auditory skills to discern the direction of sound.

Fundamental Focus

Shades of Summer

Literacy Connection

Lets talk: Demonstrate understanding of more complex vocabulary through everyday conversations (use correct verb tense).

Math Connection

More and Less: Use Reasoning skills to determine the solution to a mathematical problem and communicate why.

Character Connection:

Enthusiasm

Words of the Week

Remarkable, Enjoy, Hearing, Flavor

Favorite Activities

1. Up in the Air: Explore and describe position and movement of objects and toys (some gravity)
2. Creating Shakers: Determine and elevate solutions prior to attempting to solve a problem.
3. Sky High: Make observations of seasonal changes
4. Splash, Drip, Splatter: Perform fine-motor tasks that require small-muscle strength and control.

Learning at Home

Play Simon Says and give two or three directions to follow.
