

Suite 350 June Newsletter

Wells making a cute lady-bug.

Occipital Lobe Activity

Spot the Difference

We will show the children printed socks. Each sock has a pair, they will have to find its match.

Visual Discrimination is the ability to recognize details in **visual** images. It allows students to identify and recognize the likeness and differences of shapes/forms, colors and position of objects, people, and printed materials.

Fundamental Focus

Destination Summer

Letters of the Month

Vv, Oo, Bb, Ii, Dd

Literacy Connection

Recognize first name in print

Math Connection

Begin to recognize #'s and number words.

Words of the Month

Voyage, Float, Tide, Imagine, treasure

Favorite Activities

1. We will learn about different types of vehicles that we use traveling.
2. We will learn about water safety and focusing on water travel.
3. We will have a Luau to learn about different cultures.
4. We will learn about Sea Life and discussing what we can do to prevent water pollution. We will then create a treasure map.
