

We are talking to the infants about animals and imitate the sounds they make.

Temporal Lobe

Activity

Hearing Stimulation

As infant explores the book, point out various objects to him. This activity uses words to simulate the infant's auditory senses.

Fundamental Focus

Autumn Highlights

Theme

Trees, Apples, Pumpkins

Sign Language

Dog, Cat, Up, Down

Favorite Activities

1. Woof, Woof: We will show the toy dog and talk about the features of the dog and make comparisons to a pet dog may have at home.
2. A Friend to Trees: We will read the story with excitement and observe their interest as you point out various parts of the tree in the illustrations.
3. Rolling Apples: We will gather the infant and explain an apple rolling down a hill and help the infant roll over from the stomach to their back. This activity helps build neck muscles.
