

Suite 150 is listening to Ms. Jacky sing "Deck the halls" and observing her different tones of voice.

Frontal Lobe Activity

X's and O's

This activity activates the neural mechanisms underlying emotion regulation, which allows infants to process emotions.

Fundamental Focus

Winter Happenings

Theme

Winter Wonderland, Snowflakes, Winter Dreams, Bundle Up

Sign Language

cold, diaper, Mom, Dad

Favorite Activities

1. We will encourage the infants to touch frozen water and say, "cold."
2. We will encourage the infants to come sit with us and read a book about the snow.
3. We will encourage the infants to join us in dancing on the snow (we will use white butcher paper as snow).
4. We will encourage the infants to join us in touching our eyes, nose, mouth, ears, and head.

Learning at Home

Go outside and observe the change of weather.
