## Camp Vibe

Camp Vibe Starts June 1<sup>st</sup>, 2026!

Let's make it a fun summer together!

Our School-Age Summer Camp is designed to keep children engaged, active, and excited about learning all summer long. Tailored for children ages 5-12, this program blends fun, creativity, and exploration in a safe and supportive environment. Each week features a unique theme that sparks curiosity and imagination—ranging from science and nature to art, sports, and cultural adventures. Campers participate in hands-on activities such as STEM experiments, creative arts and crafts, group games, outdoor play, and team-building challenges that encourage collaboration and confidence. We balance structured activities with free-choice time, allowing children to explore their individual interests while building friendships. Daily schedules also include outdoor recreation, water play days, and special events like guest visitors, talent shows, and themed celebrations. Our experienced staff foster a positive and inclusive atmosphere where every child feels valued and supported. Whether your child loves to create, explore, build, or play, our summer camp offers something for everyone—making it a season full of discovery, laughter, and lasting memories.
