Camp Vibe: Vibe Ocean

In June, we embarked on two enriching field trips to the Moody Gardens Aquarium and the Kemah Stingray Reef. During these excursions, the children engaged in hands-on experiences that deepened their understanding of ocean life. At the aquarium, they observed a diverse array of marine species, learning about their habitats and behaviors through interactive exhibits. The visit to the Kemah Stingray Reef provided an opportunity for the students to touch and feed stingrays, fostering a sense of connection with these fascinating creatures. Overall, these experiences not only enhanced their knowledge of marine ecosystems but also ignited a passion for ocean conservation.

Splash Day Reminders

Splash Day is a beloved summer tradition at Kids R Kids. Each classroom has a specific day designated for this event, with times posted in each room. Each class will enjoy one hour on the splash pad. On the day of your child's Splash Day, please ensure they are prepared by wearing their swim attire and water shoes, with sunscreen and bug spray already applied. Additionally, please provide a towel, a change of clothes, shoes, and a plastic bag for any wet items. Please note that crocs or sandals are not permitted on the splash pad; only water shoes or an old pair of tennis shoes are acceptable.
