## NEW YEAR RESOLUTIONS IN PRESCHOOL

New Year's Resolutions are an interesting way to start the year! 2023 has been another busy year at Kids 'R' Kids of Jersey Village, and we want our children to get 2024 off to the best start.

Setting goals is an important part of your preschool child's early development. Making commitments teaches children how to be responsible and creating resolutions together can be a great way to start good habits from a young age. Talk to your children about how New Year can be an exciting time for growth and change. Encourage them to set some resolutions and then evaluate the options to come up with the most specific and achievable choices. Some examples can be:

- 1) I am going to eat more healthy foods.
- 2) I am going to learn new things.
- 3) I am going to move more.
- 4) I will help with chores.
- 5) I will be nice to my family and friends.
- 6) I will talk about my feelings more.
- 7) I will always do my best.

Be a resolution role model and make some of your own. Making resolutions a ritual can be an excellent way to spend time together and reflect on the year gone by.

This year, we will be participating in the "National School of Choice Week" from January 23<sup>rd</sup> to January 26<sup>th</sup>.

School choice is the process of allowing every family to choose the educational options that best fit their children. This is an opportunity to promote our school and the importance of preschool education in children's development.

We have prepared special activities for our children to do and that will show all the amazing things our school has to offer.
