

A Note from the Directors!

As we finish this amazing 2018, we can't help but look back at all the great things that happened and feel accomplished about them. However, we also feel that we could have done more to change the ones that didn't end up being in our favor. None of that matters when what we are doing comes from the heart, and this is exactly our new year reflection at Kids 'R' Kids.

Every single staff member at both schools is completely invested in their jobs,

we all have a true passion for children and couldn't feel more blessed about being here.

We are grateful for your trust and for having the opportunity to be part of your children's lives. We don't take this commitment lightly and we strive to do better every day.

With the new year come new projects and we are already planning a lot of great things for the children. We are focusing on extracurricular activities since they are the perfect complement to

our already amazing curriculum. We brought new STEAM activities for all children, Spanish and Smartboard are following a structured lesson plan. We send extra material home for you to take part of the activities with your children. Music is going great and all children are excited about computer classes as well.

Once again, thank you so much for trusting us and let's celebrate the beginning of 2019 together.

HAPPY NEW YEAR!

**"APPROACH THE
NEW YEAR
WITH
RESOLVE
TO FIND THE
OPPORTUNITIES
HIDDEN IN

Wacky Wednesdays!

In this new year, we will be focusing our energy in enhancing the school spirit. We ask for your participation in our "Wacky Wednesdays" to showcase that we are a big family!

January 2nd: Wear gold or silver

January 9th: Workout attire

January 16th: Wear class colors

January 23rd: Mismatch day

January 30th: Stuffed animal day

Eagle Springs Classroom of the Month for January!

Without hesitation, Suite 200 was unanimously chosen to receive the award for Classroom of the Month! Ms. Dionne, Ms. Christina and Ms. Brittany are doing an amazing job getting these busy babies ready for preschool while loving and nurturing them. We are

very proud of all of you and we feel lucky to have you amongst our family. Way to go!!!

Pre-K Field Trips

Field Trip!

Pre-K field trips are another highlight of our program we love.

By taking children on field trips we teach them so many skills that they will require for the elementary school years. This month they will be visiting Kingwood Library for a private "Story Time" with plenty of time to discuss and ask questions to the librarian.

Kings River Classroom of the Month for January!

After much thought and consideration, the Kings River campus has chosen their STEAM teacher Ms. Megann Kuecker! Megann, is an amazingly creative and intelligent young lady who always helps boost the school education to the next level. Her dedication and dependability are definitely an asset, and are amongst other great qualities why she was awarded for the month of January!

Baby Steps to STEAM

When we think about STEAM learning, we picture a preschool age child who is ready to sit down and complete a project. But what about younger children whose abilities are different but inquisitiveness is the same?

According to Jean Barbre, since born children are filled with a sense of wonder and each new experience provides opportunities for children to learn about the world. Young children are naturally curious about their surroundings and how things work. They will touch and handle each new object with excitement and curiosity. It's fascinating to observe infants, toddlers, and twos as they explore their environment. Each new exploration and discovery adds to their knowledge and understanding of the world around them.

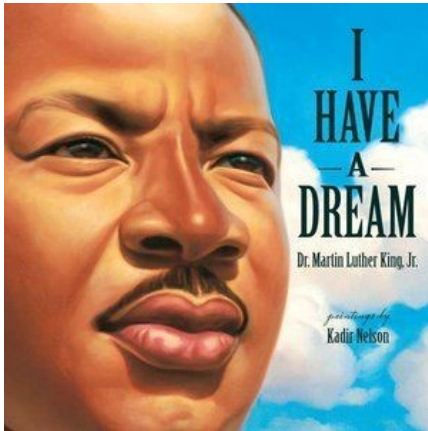

Infants, toddlers, and twos naturally approach the world with the same curiosity required to learn and explore the foundations of science, technology, engineering, art, and mathematics (STEAM).

Considering the cognitive development in young children, Kids 'R' Kids of Eagle Springs and Kings River will be implementing more STEAM based activities in the early classrooms to enhance development and learning at early stages. Our days are full of opportunities to provide not only nurturing care for young children, but an intentional learning environment

for them as well. Each new experience provides children with opportunities to develop and learn skills needed for the future.

Martin Luther King Jr. Day
January 21st

The schools will be open

Chimichurris partnering with Kids 'R' Kids

We love our community and this is a perfect example of what partnership is. Chimichurri's South American Grill Restaurant is located in Kings Harbor and has a special offering for all Kids 'R' Kids parents who dine with them on Parent's Night Out.

Every month we will let you know what the special deal for the night is. All you have to do is bring a card that you pick up at our school signed by a member of management and enjoy your special treat.

As some of you may know, this amazing restaurant was affected by Hurricane

Remember to pick up a copy of our current calendar and menu at the lobby.

Also, stay tuned with our check-point messages since we try to highlight all events and news.

Parent's
Night Out!
January 11th @
Eagle Springs
From 6:30 until
11:00pm!

\$25 for one child
\$40 for two children
\$50 for three children
Make plans now for
a night out while
your children stay
safe at school!!!!

Harvey and they have put a great effort to reopen their doors and continue offering the amazing service that characterizes them.

Let's give them a hand by having a date night while they treat you for being part of our incredible Kids 'R' Kids family.

CHEERS!!!
