

March 26, 2020

Dear Parents,

Thank you for your kindness and support these past two weeks. Your concern and understanding has enabled us to retain and continue to pay all of our teachers and support staff. This would not have been possible without your generosity. We are all truly humbled and grateful to have such caring families as part of our school. While it is not yet clear what the final details of the federal government assistance program will be, it does appear some assistance will be available in the coming weeks. Therefore, we will be making some adjustments to our tuition policy as outlined below.

Because the coronavirus efforts seem to change daily, I think it is best to continue to address and adjust the tuition policy every two weeks until the situation returns to normalcy or becomes more static in nature. I have two primary objectives and they are as follows. The first objective is to continue to pay and retain all staff until the pandemic passes. The second objective is to not profit from the generosity of the families that have been so supportive to date nor to profit from any federal or state assistance made available. With these objectives in mind the tuition policy for the next two weeks will be as follows:

First for those that are still attending the tuition policy will remain as is. For those not yet comfortable returning or no longer needing care at this time, our school tuition rates will be reduced by fifty percent (50%). Paying the 50% reduced rate will enable you to reserve and retain your spot at Kids R Kids and enable Kids R Kids to continue to pay and retain our teachers and support staff. All families that continue to pay tuition at the full or reduced rate will have their next annual enrollment fee waived as well as be exempt from any tuition increases for the upcoming school year. For children attending our before and after school program the rate will remain at the regular before and after school rate and not at the higher spring break tuition. The higher summer camp rate will start once we reach the end of the regular school year.

Children attending the before and after school program may attend all day and will be given computer time to retrieve assignments, assistance from our teachers, and a quiet place to perform required school work.

For families that have not attended this week we will automatically adjust the rate for next week to the 50% reduced rate. Thank you again for your support and understanding. Please do not hesitate to call if you have any questions.

Best regards,

Chuck Peterson
