NEWSLETTER

The New School Year is Here!

We are excited to kick off the new school year this month! We want to make this transition time as smooth as possible for your child. Thank you for your patience and understanding as we navigate the beginning of the new school year. We continue to adapt to the social changes as directed by the state. So far, our teachers and students have done an amazing job!

Meet the Teacher

Given these uncertain times, we are so grateful to our teachers who have dedicated their careers to loving and teaching your children. Our staff has faced so many changes and challenges these past few months, and they have proven their love, patience, and dedication to our school and to our students. Please keep an eye out for your child's teacher's bio and picture. While we had hoped for a face-to-face Meet the Teacher, we can assure you that your child is with a loving and experienced teacher. If you would like to set up a virtual meeting please let us know.

Sick Policy

Children should stay home if they show the following symptoms. This will help stop the spread of germs! Remember if a child is sent home from school they cannot return unless they have been fever and/or symptom free for 24 hours.

- Fever of 100.4 or greater
- Diarrhea episodes of more than two in a day
- Skin rashes that are not diagnosed by a physician's note
- Vomiting episodes of more than one a day
- Nose drainage that is thick and green or excessive for the comfort of the child
- Eye drainage of any type accompanied by red eyes or mucus crusted around the eyes
- Pink eye or symptoms similar to those of pink eye
- Chicken pox or measles sores are suspected
- Scabies systems are suspected
- Respiratory problems including uneven breathing or severe coughing with wheezing or croup
- Sore throat, especially if swollen glands are suspected
- Strep throat symptoms are suspected
