As the earth turns green, Keep America Beautiful Month in April reminds us of the ways we improve our environment. It's not just about picking up trash and keeping our own living space clean. The movement celebrates the efforts we make several key areas.

April is National Poetry Month, 30 days of celebrating the joy, expressiveness, and pure delight of poetry. Encourage your little ones to write down their emotions and/or feelings. This is a great way to introduce poetry in the home.

TEACHER OF THE MONTH

Ms. Diana

Thank you for making your babies feel safe and secure in their classrooms. Ms. Diana has shown great leadership and patience when it comes to her classroom. She works diligently to ensure her children are prepared for the next milestone in their education. Ms. Diana shows up to work with a positive attitude and willing to go above and beyond for the school. Words are not enough to show how much we appreciate the many things you have done. It is an understatement to simply say thank you for your impeccable deeds. You deserve the loudest applause! Congratulations Ms. Diana!
