Autism Acceptance Month

April is Autism Acceptance Month, a time to celebrate and support individuals with autism while promoting understanding, inclusion, and kindness within our community.

At our school, we believe every child is unique and brings something special to our classrooms. During this month, we will be encouraging children to learn about differences, practice empathy, and celebrate what makes each of us amazing in our own way. Through simple activities, stories, and conversations, we aim to foster an environment where every child feels valued, respected, and included.

We invite families to join us in recognizing Autism Acceptance Month by having conversations at home about kindness, patience, and acceptance. Together, we can help build a community where all children feel they belong.

We are excited to celebrate the Week of the Young Child from April 13th–17th! This special week is dedicated to recognizing the importance of early childhood education and celebrating the joy, curiosity, and creativity of young learners.

Throughout the week, children will participate in fun, hands-on activities centered around daily themes. From music and movement on Music Monday, to exploring healthy foods on Tasty Tuesday, working together on Work Together Wednesday, and expressing creativity on Artsy Thursday, each day is designed to support learning through play and meaningful experiences.

We will wrap up the week with Family Friday, where we invite families to join us for our Family Day Picnic at 2:30 PM. Bring a blanket and enjoy a relaxing time on the grass with your child as we celebrate a wonderful week together.

We look forward to sharing this exciting week with our students and families!

Good Friday Closure

In observance of Good Friday, our school will be closed. This day is a time for reflection and rest, and we hope it provides an opportunity for families to spend meaningful time together. Please plan accordingly, as there will be no classes or childcare services available on this day. We will resume normal school hours on the following school day.

Thank you for your understanding, and we wish all of our families a peaceful and restful day.

Pajama Day

Get cozy and comfy! On Thursday, April 23rd, we will be celebrating Pajama Day at school.

Students are invited to come dressed in their favorite pajamas for a fun and relaxed day of learning. It's a great way to add a little extra comfort and excitement to our day while still participating in all of our regular activities.

We can't wait to see everyone in their coziest PJs!

Earth Day

We are excited to celebrate Earth Day with our students as we learn about caring for our planet! This special day helps children understand the importance of protecting the environment and taking care of the world around them.

Throughout the day, students will participate in simple, hands-on activities such as talking about recycling, conserving resources, and showing kindness to nature. These experiences help build awareness and encourage children to develop habits that support a healthy Earth.

SMART CHOICE. SMARTER CHILD.™

National Superhero Day

Our little heroes will take part in an exciting HERO TRAINING obstacle course, designed to keep them active while building strength, coordination, and confidence. From jumping and crawling to balancing and running, it's the perfect way to combine movement with imagination and fun!

We can't wait to see all of the amazing superheroes in action as they train, play, and save the day! ✨

Easter Egg Hunt

Get ready for some egg-citing fun! Our Easter Egg Hunt will take place on April 2nd, and we can't wait to celebrate with our students.

Children will enjoy searching for colorful eggs filled with surprises while spending time outdoors with their friends. This fun-filled activity encourages movement, exploration, and lots of smiles along the way!

We look forward to a joyful day full of laughter, excitement, and sweet surprises for all of our little learners!

NATIONAL

In celebration of Arbor Day, our students will be getting their hands a little dirty as we plant seeds together! This special activity is a wonderful way for children to learn about nature, growth, and the importance of caring for our environment.

Through this hands-on experience, children will explore how plants grow and what they need to thrive, while also building patience and responsibility as they help care for their seeds.

We're excited to watch our little learners grow right alongside their plants!  

Practicing Values: Responsibility

This month, we are focusing on the value of Responsibility. In our classrooms, children will be encouraged to take ownership of their actions, care for their belongings, and help take care of their environment.

Through daily routines like cleaning up after activities, following directions, and helping their friends, students will begin to understand what it means to be responsible. These small, meaningful moments help build confidence, independence, and a sense of pride in doing the right thing.
