COVID - UPDATE

Dear Families,

As you are aware, COVID is still very much with us, and my team and I want to make sure that we are doing our best to protect our students, staff, and guests. As such, it is necessary for us to revisit our past strict COVID protocols and reimplement some of them to better protect us all.

On Monday, August 2, 2021, the following COVID protocols will be put back into place and we respectfully ask for everyone's cooperation and support until it is deemed appropriate to soften some of these policies.

- All outside guests (families) will be required to wear a mask when entering the school
- Teacher meetings will be available via tele-conference or Zoom only
- Everyone must use the hand sanitizing station before entering the school
- Masks must be worn by all school age children (family provided) – this includes any child riding on our buses for aftercare
- No outside food or drinks will be allowed into the school (except for baby-bottle using rooms – or for special dietary/medical needs)
- Temperatures will be taken of all students between 10:00 – 11:00 AM – anyone having a fever above 100.4 will be sent home and MUST be fever free for 24 hours without the aid of medication
- Anyone exhibiting COVID like symptoms will be subject to being sent home and we reserve the right to require a doctors note for any student returning to school after having been sent home for a health concern
- Should the CDC or other governing agencies implement additional protocols, we will follow their guidance accordingly

Lastly, please notify us if your child is exhibiting any potentially contagious health issue or has been exposed to someone with a known virus (COVID – FLU – Other).

We sincerely appreciate your understanding and willingness to help as we adjust our policies to best support a healthy school environment.
