

# INTRODUCING SARAH M.

I have been working at Kids "R" Kids since April of 2023. I have always loved taking care of babies and watching them grow and learn new things. I am married and enjoy spending time with my husband. We like to go out and explore and try new things. I grew up in different countries and got to travel a lot. My favorite place to shop is Amazon and my favorite foods include jalapeno poppers.

# INTRODUCING KATHY M.

I have worked at Kids “R” Kids since September 2023. My favorite thing about working at KRK is seeing the growth in each child and knowing that we are changing the future for our students. I like to be the person a child can rely on when they don’t have anyone else. I enjoy being able to be consistent with my students and support them in any way possible. I enjoy reading and puzzles. My favorite place to shop is at Barnes & Noble and I love all foods that isn’t spicy.

# INTRODUCING CHERYL S.

I have been working at Kids "R" Kids since July of 2023. My favorite thing about KRK is the free hugs and love I receive from the kids. I got into childcare because of the love I have for children. Something unique about myself is that my mother is Native American, and my father is Hispanic. I love camping, walking, and going to the movies. Some of my favorite place to shop is Kohl, Homes, and Walmart. I love most foods except Italian. My favorite snack is chocolate.
