

## WHAT FAMILIES HAVE TO SAY

Let me start by saying that before coming to Kids 'R' Kids, the other facilities we tried had consistently maxed out class ratios, stressed out teachers, and were overall a chaotic environment that were not conducive to learning for any student. Coming to Kids 'R' Kids has been one of the best decisions I've made for my children, and they have flourished in the time they have spent there in so many ways. They always have so much fun while learning, are eager to go, and I know that they are in a safe, clean, and most of all caring environment when they cannot be with me. And that, to me, is worth its weight in gold. Seriously, I cannot thank Mike and his staff enough. Their dedication to providing a nurturing and enriching environment with their philosophy of "hug first, then teach" really sets them above all of the rest in the quality of care and education they

provide.

We love Kids R Kids! Our son has been there since November of 2022 and our 3-month-old son will be starting in February. We are so excited for our youngest to join his brother. They work on sign language on younger kids, and our two-year-old has been counting (English and Spanish), learning shapes and colors, and always has a smile on his face when he talks about how his day goes. We love all the teachers and appreciate that they all know our son by name. The facility is very clean, they sanitize toys very often, and they make me feel good about leaving our son(s) there when my husband and I are at work. We love Kids R Kids and highly recommend to anyone looking for childcare!
