Spotlight Employee of the Month for March!

Johanna

We appreciate all of your hard work and dedication when it comes to enriching the minds of each and every one of your students. Thank you for all that you do in your classroom. For making a million little split second decisions for the benefit of your students. Always putting your own needs on hold and keeping them the focus of your day. Thank you for the time you take planning each activity and modifying it for each individual child. For smiling, laughing, and reassuring their efforts, trials, and mistakes. It doesn't go unnoticed when you get down to the physical level of your students because it matters. That's why you're our Employee of the Month! Keep up the Amazing work!!

St. Patrick's Day Fun Facts!

The color associated with St. Patrick's Day is green, and wearing green clothing on the day is sometimes called "the wearing of the green."

If you get pinched on St. Patrick's Day, folklore says it was a leprechaun. To prevent getting pinched, make sure you wear something green!

Speaking of leprechauns, they are mythical creatures in Irish folklore who are said to be mischievous little men who hoard pots of gold. The Shamrock is a symbol of St. Patrick's Day. It is a three-leaved plant that is said to have been used by Saint Patrick.

Wondering why there's so much green on this holiday? There are a few reasons! It's said to be due to the green of the lush Irish landscape, the green of shamrocks, and the green on the Irish flag.

Rainbows are a popular St. Patrick's Day symbol because leprechauns are said to hide their pots of gold at the end of the rainbow!

Parades are often associated with St. Patrick's Day, but the truth is, this isn't an Irish tradition!

According to Irish folklore, if you catch a leprechaun, he must grant you three wishes in exchange for his release.
