

# MAY 2026 FAMILY OF THE MONTH THE LEDFORD FAMILY

We are excited to recognize our Family of the Month, the Ledford Family.

Bret and Beth met in 2017 while working together at Culver's. Their relationship grew from there, and they were married in 2022 before moving to the Dayton area to begin this next chapter of their lives.

They are the proud parents of two boys, Denver and Hayes, and also have two cats, Confetti and Booster, who are very much part of the family.

Beth has been a nurse for six years and works in the trauma unit at Kettering Hospital. Bret works for Kitchen Kare Innovations and travels throughout Ohio and Kentucky for his job.

As a family, they enjoy spending time outdoors, exploring new parks, watching movies, and making memories with friends and family.

We are grateful to have the Ledford Family as part of our Kids 'R' Kids community and appreciate the positivity and warmth they bring to our center.

**Congratulations to the Ledford Family!**
